HR Cloud is a leading provider of employee onboarding, Form I-9, and E-Verify solutions, empowering companies to effectively hire, manage, and onboard talent. As an industry leader, HR Cloud ensures compliance with federal and state regulations while delivering a seamless and engaging onboarding experience for new hires. Our platform combines powerful automation with customizable tools to help businesses streamline HR processes, reduce administrative overhead, and foster a positive employee

Why Onboard by HR Cloud

HR Cloud is the all-in-one HR solution built for the needs of modern businesses. Our platform transforms HR processes by offering customizable onboarding journeys, seamless integrations, and powerful automation tools. Whether you're managing a remote workforce, scaling rapidly, or moving away from manual systems, HR Cloud adapts to your unique requirements.

With HR Cloud, you can create tailored onboarding experiences using branded portals, customizable electronic forms, and automated task management. Our platform supports electronic Form I-9 and E-Verify, ensuring compliance with U.S. employment verification requirements. The multi-language capability facilitates global operations, helping international teams stay connected and compliant.

Seamless Integration with ATS, Payroll, and Other Software.
